SAY "QUACK" DOCTOR FLEECED LOCAL MAN

CHARGE IS THAT DR. ELLSWORTH C. MARTIN HAS CUT WIDE SWATH

LEE COUNTY FARMER LOST \$100

Martin of Chicago Is Said to Have Operated and Swindled in Many Illinois Towns

Considerable local interest has been aroused in the campaign against "quack" doctors which is being waged throughout the state, because one of the "specialists" whom the officers are after and who escaped from a posse at Crete, Ill. Saturday, is said to have operated in Dixon and vicinity, and if he is the same man who worked here it is known he fleeced a Dixon farmer, whose name is withheld by his attorney, out of \$100.

The specialist in question is said to be Dr. Ellsworth C. Martin with offices in the Northern office building, 180 North LaSalle street, Chicago. From the Dixon farmer's attorney The Telegraph learned today that a "doctor" told the man that both he and his wife were dreadfully sick and needed immediate attention, and he secured the man's signature to a judgment note, which he promptly sold to a Chicago bank as soon as he reached the city.

In the meantime the farmer became suspicious and consulted a Dixon lawyer where he was advised to refuse the "medicine" when it arrived and then demand the note. He followed these instructions but was informed by Dr. Martin that the was sold and the local farmer had to pay the amount. Local attention was called to the matter by the following from the Chicago Tribune:

Sign at the office, Northern office building, 186 North LaSalle St.

Dr. Ellsworth C. Martin,

Specialist

Office Hours, 9 a. m. to 12;

1 p. m. to 4.

Callers at the office Saturday

found no one there. A glance over

the transom showed a bare room

with one chair and a desk in it.

Explanation of Dr. Martin's absence

probably was contained in a Joliet

newspaper, which was crammed

in the mail chute in the door.

The fact is that a posse in Will

county, Ill., has some urgent business

with Dr. Martin.

Farmers and farmers' wives in

thirty-three counties in Illinois are

anxious to see Dr. Martin. The Will

county jailer at Crete, Ill., also desires

an interview with the doctor about

the little matter of his breaking jail there.

Story of One Victim

Gustave Fisher, a farmer near Ell

wood, Ill., called at The Tribune office

during the day to inquire about

Dr. Martin. Mr. Fisher brought a

pasteboard box which he had received

through the mail from Dr. Martin,

representing that it came from the

great "Garfield Park Specialists."

It contained one large plain bottle

of a pink colored liquid, one small

bottle of liquid the same color and

two small boxes of pills, white and

yellow.

"I paid him \$100 for this stuff,"

said Mr. Fisher, "and gave him my

note for \$50. Now he is trying to

force me to pay the note, even after

I know the medicine is useless and

that he is a swindler. Why, when

the posse caught him and put him

in jail in Crete he had about \$800

in notes and checks on him and the

sheriff returned all of them to the

farmers he had taken them from.

"He had made me believe my wife

was sick and he could cure her for

\$150. When we got the medicine,

which was supposed to be for some

internal disorder, we found that our

neighbor had paid \$150 for the same

stuff to cure catarrh. I want to know

whether I can be forced to pay that

note.

Mr. Fisher was advised to see a

lawyer.

GEO. TRISSEL IS BUILDING A SHIP

FORMER DIXON BOY IS GIVEN A WRITE-UP IN LOS ANGELES NEWSPAPERS.

A Los Angeles paper of Oct. 5 has been received by friends in Dixon and gives a profusely illustrated story concerning a former Dixon boy, George Trissel, who it will be remembered lived here with his brother, Will.

The article, entitled "Building an Ocean Ship Far From the Deep," is as follows:

In a more or less mountainous ranching district forty miles from the sea coast, a man in Southern California is building a boat to make a unique expedition around the world.

The ship is 62 feet long and contains six large cabins. It will have storage for 2500 gallons of gasoline and 1000 gallons of fresh water. It will also have a sea-water distilling apparatus, a high power electric generator for a lighting system, one mounted machine gun, and large boxes of earth for growing green vegetables while on a voyage.

When completed the boat will be transported, as a whole, to the coast on two caterpillar engines and its gas engine power plant will be installed after launching. The ship will cost \$7000 to construct.

The owner of the "mountain shipyard" is George Trissel, a rancher living at La Habra, who originally came from Dixon on the Rock River of Illinois. He has planned an expedition similar to that of Jack London. The London expedition, which was undertaken about eight years ago, was overwhelmed by an epidemic of scurvy and abandoned. Trissel has made provisions against scurvy by providing conveniences to grow vegetables at sea.

Trissel and six companions will attempt the trip around the world for the purpose of contributing feature articles to a magazine and to take photographs for a motion picture concern. Trissel says he has been offered \$100,000 to make the strange voyage.

The craft will be launched in 1915 and it is planned to take it through the Panama Canal to New Orleans, up the Mississippi and Rock Rivers to Dixon where Trissel will stop off and say "hello" to some of his boyhood chums at his old home. He will then sail back down the Mississippi and start around the world.

The craft will be named La Habra, which in Spanish means "Peaceful Valley" and is the name of the orange-ranching district where the boat is being built.

On the fore deck of the La Habra there will be mounted a formidable-looking automatic machine gun. Trissel intends to land on some uncivilized islands and will go prepared for hostile natives.

STATE WILL PUSH ROCK ISLAND CASE

CASE WILL DECIDE LEGALITY OF MAKING ROCK RIVER A FISH PRESERVE.

Deputy Game and Fish Warden William Tague of this city, who was to have gone to Rock Island this morning to appear against Glenn Thompson, who was arrested there last week charged with violation of the laws regarding fish in the state fish preserve, received a telephone message that the case had been continued until Monday.

The state game and fish commission has instructed Warden Clavin to prosecute this case as strictly as possible, inasmuch as Thompson and his companions are reported to have raised a fund to carry it to the supreme court. The commission is anxious that the matter be brought to the attention of the highest tribunal of the state in order that the constitutionality of the law under which the waters of Rock river was made a state fish preserve, may be passed upon.

SHERIFF REID HEARS FROM N. Y. OFFICIAL.

CONCERNING CONSTITUTIONALITY OF MIGRATORY BIRD LAW.

After reading in the Telegraph that the attorney general of New York had declared the government's migratory bird law unconstitutional, Sheriff C. P. Reid, who some time ago wrote the department at Washington protesting against the enactment of the restriction, wrote to the New York official requesting a copy of his opinion. This morning he received the following answer:

Albany, N. Y., Nov. 17, 1913.
Mr. C. P. Reid,
Sheriff, Dixon, Illinois.

Dear Sir:
Yours received. I have, as you have been informed, rendered an opinion to the State Conservation commission that the migratory bird law passed by the federal congress and promulgated by President Wilson, is unconstitutional, insofar as it undertakes to invade the jurisdiction of the several states in the control of migratory birds.

I am glad to know that my opinion meets with your approval. You, of course, have observed that it is bitterly attacked by the champions of that measure.

Very truly yours,
THOMAS CARMODY,
Attorney General.

CAMP HOPE IS A SUCCESS BECAUSE THE CAMP HOPE HONOR MEN ARE MAKING IT SO

THE RESULT OF THE ROAD MAKING CAMP AT GRAND DETOUR SHOULD BE A NEW ERA IN PRISON REFORM IN ILLINOIS—IT GIVES MEN A CHANGE TO HOLD UP THEIR HEADS AND SUCCEED WHEN THEY ARE RELEASED.

Camp Hope is a success, that is established. A more contented lot of prisoners could not be found in the United States than the forty odd who are making road near Grand etour under the supervision of Superintendent Keegan and his assistant, Thos. Hardey. A Telegraph reporter visited the camp Sunday and was taken through the camp by the accommodating Mr. Hardey, and the trip was an interesting one from all viewpoints.

One very noticeable feature of the settlement is the entire absence of any apparent form of restraint. It looks like any road camp of free laborers. It is businesslike, clean and tidy and a very comfortable place to live. Every tent has its stove. Fuel is plentiful and close at hand, and the men, with their wholesome and abundant food, plenty of clothing, comfortable chairs and beds and bed clothing are living in greater ease than many campers out for pleasure.

Naturally, the men are working hard. They want to and it is good for them. They are building a good road and the "Old Clay Hill" leading from Grand Detour up onto the Ridge road to Oregon will be unrecognizable when it is finished. A steep and rock studded clay hill, one of the worst in this vicinity, the terror of motorists and a killer of horse flesh, will be transformed into a neatly graded boulevard with no steeper pulls than may be found in some of the most used streets in Dixon.

However, the kind of a road they build, or how much they cut down the grade of a hill, etc., is of little moment. Grand Detour's new road will not be the real fruit of the undertaking, nor is the success of Camp Hope rated according to the smoothness or hardness of the road they build. Camp Hope is a success because it has demonstrated that state prisoners from Illinois are men enough and wise enough to know that outdoor work is good for them and it has shown that they have honor and can be trusted. We hope and think the conduct of the Camp Hope honor men has opened prison gates throughout this commonwealth and has saved many a miserable sinner from a consumptive's grave.

What it will do for prisoners is most admirably demonstrated at Camp Hope. For instance, Mr. Hardey stopped at one of the little tents which is the sleeping quarters for two of the men. "Charlie," he called through the tent flaps. "We want to look at your stove."

It must not be imagined that the men are out here at Grand Detour resting at a sanitarium, spending a few happy months enjoying the beautiful scenery of Rock River Valley. That isn't the kind of cure they need or are getting. It is hard, rough work in the good open air, decent food and the trust that is imposed in them will make men of them if there is a vestige of manhood in them.

VITAL SUBJECTS ARE DISCUSSED IN CHURCH

REV. C. C. CARPENTER AT CHRISTIAN CHURCH IN REVIVAL MEETINGS.

Rev. C. C. Carpenter's sermon last night at the Christian church was very helpful. He spoke of the social aspect of the gospel as it relates to mutual burden-bearing. He discussed some of the social and religious burdens of men. Some of the burdens mentioned were the saloon traffic, white slavery, heathenism, ignorance, indifference and the exaltation of human ideals as against the divine.

Mrs. L. E. Edwards will sing in the service this evening. Rev. Carpenter will speak tonight on the subject, "What's the Difference." All are invited.

ALL ELKS BOOSTING FOR BIG BAZAR

NO EXPENSE WILL BE SPARED TO MAKE EVENT A BIG SUCCESS.

The Elks' fair committee promises to spare no expense to make the eleventh annual bazar, next week, the biggest and best in its history, and to meet that end they have arranged for several new features. As a result it is expected that Rosbrook hall will be crowded to capacity every evening during the week and that the poultry booth will be one of the busiest places in the hall during the first part of the week, at least.

BINGHAM AT ELKS' CLUB.

Ralph Bingham, the entertainer, of whom so much praise has been written recently, will appear at the Elks' club this evening, the entertainment being for members, their families and ladies. This is the first of a series of entertainments for the members, and Mr. Bingham's program of songs, instrumental music and stories is bound to please.

Watch Depot Avenue Grow

We are glad to be among you again. Business called us out of the city, but there's no place home, and the avenue.

Tuesday was a sloppy day and some of the business men washed the pavement in front of their business places.

More material is here for the remodeling of the Northwestern depot. A car load arrived Tuesday. Before snow falls you will see an up to date depot, the pride of the division.

George Evans and his Honey Boys went to Rockford this morning, via the Northwestern. They arrived over the Illinois Central from LaSalle.

The avenue was well represented at the minstrel show and it was a great show.

Abner Barlow and Frank Court-right were on the avenue Tuesday on their way to Denning, N. Mex. They had their guns with them. Prepared in case of war with Mexico Henry Raffenberg was on the avenue Tuesday on his way to Chicago.

David Marks hurried along the avenue Tuesday and just caught the train Chicago bound.

C. D. Vaughan of West Chicago is here looking after the unloading of the depot material. He will have the improvements in charge.

Joe Petersberger was an avenue visitor Tuesday afternoon. He called on friends.

Bradford Brinton has returned from a hunting trip to Peoria and other central Illinois points. He bagged twenty-one ducks.

Dennie Giltenane drives a new sorrel horse. His friends were surprised to Dennie driving such a spirited animal.

Speaking of sorrels the bread wagon was on the avenue.

Miss Catherine Burke and her mother have returned from a visit with friends at Deer Grove. Miss Burke has resumed her duties at the Third Ward restaurant.

Seibolt drove to Chadwick and Milledgeville Tuesday. He braved the storm for business.

Sweet-Orr man was entertained by Samuel Huggins yesterday.

Fred C. Wagner is going to handle the Studeaker. A carload will soon arrive. Plenty of usness on the avenue in this line. Fred "auto" do well.

Mrs. Alert Heag of Chicago is a guest at the John Lynch home.

F. J. Richards of Chicago called on Frank Valle yesterday.

Since Nov. 1 the railroad fare to Chicago via the Northwestern is \$1.96. Additional two cents on account of the moving of the depot.

Manny Newman is back on the job with Jimmie Penney.

Roy Rhodes and Frank Valle a hunting went the other day. Rabbits, but nothing else. But you wouldn't expect these two fellows to shoot anything else but a rabbit, and he would have to be sitting, at that.

Speaking of dogs, ask Mark Brown what he thinks of canines. Mark had a skirmish with a dog the other day which cost the popular drayman a piece of his trousers. It might have been considerably worse

if it had not been for that whole-souled drayman, William Dauntler, who rushed to the rescue. No damage done. But there'll be a dead dog if the animal should come on this side of the river.

Have you heard the latest joke on Jimmie Ketchin, EH's right hand man. It's a daisy. Ask Jimmie about it and he will give it in detail, for we can only publish the out side of the joke.

It seems that Jimmie is a lover of venison (deer meat). Louis Pitcher, his very dear friend, is hunting deer in Wisconsin. When Louis left for the Wisconsin wilds, Jimmie put in a request for venison, requesting that a slice of the rump be sent him.

Ward Miller was with the Pitcher party. He returned home in advance of the others and when he started for home Louis gave him the "slice of the rump" for Jimmie. The venison was packed neatly in a box. Ward delivered the package to Jim. Jimmie was pleased. He opened the box. He is a changed man.

How about that shoe factory? Are we going to get it?

The boys of the avenue are beginning to lay plans to attend the Elks' fair. It will be some fair this year. Several of the avenueites are planning to get their Thanksgiving dinner at the fair. Ducks and turkeys will be plentiful.

And in the meantime drop in at the Family and greet "Keagle" and see the show. All fresh, funny, and entertaining.

Don't delay being a good fellow this year. It will pay and will do somebody a lot of good.

Miss Erin Fane received word on Tuesday that her little nephew, John Neal, of Williams, Ia., was kicked by a horse. The little fellow's injuries are not serious.

CHILD NOT AFFECTED BY DIET OF BUTTONS

[Washington, Ia., Nov. 19.—The 11 months' old daughter of Will Porter swallowed eight and one-half dozen bone buttons last night, and today, aside from a slight sickness, suffered no ill effects.

The mother had been employed sewing buttons on garments for a factory, and she had allowed the infant to play with the buttons.

SICK PEOPLE

"He Is Honest With You."

Why You Should Come

Many have asked Dr. Piper, how is it that he can cure chronic diseases that the general practitioner can do nothing with. The general answer is: Dr. Piper has devoted his life to the study of Chronic Diseases. He devotes all of his time to his given specialty. He does nothing but office work. Instead of having an office with a practice limited to a radius of a few miles, he has a number of offices, and his practice covers hundreds of miles. He advertises for the difficult and baffling cases that have been seeking relief sometimes for years, many of which come to him by mail. His advice is always welcome to you. **YOU PLACE YOURSELF UNDER NO OBLIGATION WHEN YOU CALL.** Come at once and consult with him. His specialty is the cure of chronic diseases. Many of you who have been taking medicine and so called treatments for months will be absolutely cured in a few weeks. Very chronic cases will require somewhat longer time, but it will make no difference; you will be treated free, remedied, accepted, until you can say, "I AM CURED."

Cosmopolitan Taxicab Drivers.

A Chinaman and a Japanese are now driving taxicabs in Paris, while the ranks of the drivers also include German-speaking Alsations, Italian-speaking southerners, Spanish-speaking Basques, and a number of chauffeurs with a good knowledge of English who are either sons of English people settled in France or have visited England or America. It is not unusual to see on the box of the Paris taxicab the typical Algerian or Tunisian with coffee-colored tint and slender hands, and there are several coal-black negroes from Africa and almond-eyed Orientals from Indo-China. The Chinese cabman has been driving his taxicab there for two years. He was born in Peking, and is looking forward to the day when under the enlightened rule of the young Chinese Republic he may start a motor garage in his native city.

LIVED ON
RAW EGGS

Mr. Richard's Experience With Different Diets. Peaches and Buttermilk for Three Years.

Cecilton, Md.—Mr. George Richards, of this place, during the past 12 years, has probably tried more different diets than the average person would ever use in a lifetime.

What he has to say about his experiments, must therefore be highly interesting to anyone suffering from indigestion or stomach troubles of any kind.

He says: "For more than 12 years, I suffered with stomach troubles, and paid hundreds of dollars for doctor bills and medicines. I was also operated on for piles.

I lived on dried peaches and buttermilk for nearly three years. The only thing that would not give me pain was raw eggs. I was a physical wreck. I could not sleep, and was as near crazy as a man could well be.

I must say that after taking two 25-cent packages of Theodor's Black-Draught, it did me more good than all I ever spent for other medicines.

I have been working daily on the farm ever since, and I am as hard as iron. This purely vegetable remedy has been in successful use for more than 70 years. Try it. But be sure that it's "Theodor's."

FIFTIETH ANNIVERSARY
of LINCOLN'S
GETTYSBURG ADDRESS

FOUR score and seven years ago our fathers brought forth on this continent a new nation, conceived in Liberty and dedicated to the proposition that all men are created equal. Now we are engaged in a great civil war, testing whether that nation, or any nation so conceived and so dedicated, can long endure. We are met on a great battlefield of that war. We have come to dedicate a portion of that field as a final resting place for those who here gave their lives that that nation might live. It is altogether fitting and proper that we should do this.

But in a larger sense we cannot dedicate, we cannot consecrate, we cannot hallow, this ground. The brave men, living and dead, who struggled here have consecrated it far above our poor power to add or detract. The world will little note nor long remember what we say here, but it can never forget what they did here. It is for us, the living, rather, to be dedicated here to the unfinished work which they who fought here have thus far so nobly advanced. It is rather for us to be here dedicated to the great task remaining before us—that from these honored dead we take increased devotion to that cause for which they gave the last full measure of devotion; that we here highly resolve that these dead shall not have died in vain; that this nation, under God, shall have a new birth of freedom, and that government of the people, by the people, for the people, shall not perish from the earth.

NOV. 19 is the fiftieth anniversary of the dedication of the new battlefield cemetery at Gettysburg. The ceremonies at the cemetery were simple in character and followed what was described in the newspapers as "a grand civic and military display" in the presence of "15,000 people, including men, women and children," chiefly residents of the town and vicinity drawn to the scene partly by a desire to see and hear Lincoln. The immortal address beginning "four score and seven years ago" was the real dedicatory speech, although it followed after a lengthy oration by a master in oratory, Edward Everett. It was an informal production, drafted hastily on the trip up from Washington.

The work of reintering the Federal dead from the battlefield was not yet completed, but there were 600 identified remains in the ground hallowed by this dedication and 582 "unknown." Lincoln's words might have been spoken of any battlefield of the conflict. In saying "we are met on a great battlefield" he expressed the national estimate then held of the battle of Gettysburg as only one of many. Farther along he seemed to grasp the future, for he said of the dead sleeping their last sleep there, "The world can never forget what they did here." Linked with their memory is that brief, but matchless, tribute.

HONEY BOY MINSTRELS.

One of the best shows of its kind that ever played in Dixon appeared at the Dixon opera house last evening. George Evans' Honey Boy Minstrels, a big town attraction, the kind that plays New York, Washington, D. C., and Chicago for 50 runs, and the whole company with all its stunts was here.

Evans himself, in his comedy monologue and his aeroplane stunts is the hit of the show, but the first part, the regulation old time minstrel show with its singing and dancing was also excellent. The soft shoe dancing was a revelation in rhythm and grace. The management of the opera house is to be congratulated on last evening's production.

The official Government tests have shown Royal Baking Powder to be a pure, healthful, grape cream of tartar baking powder, of highest strength, and care should be taken to prevent the substitution of any other brand in its place.

Royal Baking Powder costs only a fair price per pound, and is cheaper and better at its price than any other baking powder in the world.

ALTER RESERVE PLAN
BOTH WINGS SEEK TO PREVENT MONEY STRINGENCY.
President Opposes Plan for Adjournment of Congress for Week Prior to Regular Session.
Washington, Nov. 19.—The Democratic and Republican wings of the senate banking and currency committee each agreed upon amendments to the administration currency bill designed to protect the country against a financial stringency during the "transition period" while banks are transferring their reserves to the proposed new federal reserve banks.
The Democrats would permit local banks to deposit half of the required reserve in the regional bank in the form of commercial paper, and would make the new treasury notes and the present bank notes eligible for use as part of the reserves.
The Republicans and Senator Hitchcock adopted a more radical change, providing that banks need deposit only a one per cent. reserve when the new system becomes effective, an additional one per cent. to be deposited each six months until the entire reserve of five per cent. has been provided for.

Senator Hitchcock and the minority members amended the bill to provide that national banks may invest one-third of their time deposits in five-year farm mortgages based on 50 per cent. of the value of the land mortgaged.
President Wilson opposed in positive terms an adjournment of congress for the week prior to the opening of the regular December session.

NATAL STRIKERS ARE 150,000
East Indian Laborers Spread Fight to the South Coast of Africa—Trouble Is Feared.
Durban, Natal, Union of South Africa, Nov. 19.—The strike of East Indian laborers spread to the south coast. Practically every one of the 150,000 workmen of East Indian blood in Natal laid down his tools. Thus far the strikers have been comparatively peaceful, but serious disorders may break out at any moment. All feeling among the East Indians has been increased by two incidents which occurred in the last 24 hours. The first of these was the death from flogging of a laborer in the coal mining town of Dundee, 20 miles north of Ladysmith. The second incident was the arrest of 3,000 East Indians who attempted to cross the border from the Transvaal into Natal.

YOU'RE BILIOUS AND COSTIVE!—CASCARETS
SICK HEADACHE OR SOUR STOMACH MEANS SLUGGISH LIVER AND BOWELS.
Get a 10-cent box now.
Furred Tongue, Bad Taste, Indigestion, Sallow Skin and Miserable Headaches come from a torpid liver and clogged bowels, which cause your stomach to become filled with undigested food, which sours and ferments like garbage in a swill barrel. That's the first step of untold misery—indigestion, foul gases, bad breath, yellow skin, mental fears, everything that is horrible and nauseating. A Cascaret tonight will give your constipated bowels a thorough cleansing and straighten you out by morning. They work while you sleep—a 10-cent box from your drug list will keep you feeling good for months. Millions of men and women take a Cascaret now and then to keep their stomach, liver and bowels regulated, and never know a miserable moment. Don't forget the children—their little insides need a good, gentle cleansing, too.

WASHINGTON SEES REBELS GAIN
Washington, Nov. 19.—Absence of any evidence that fresh instructions had gone forward from Washington to John Lind or Charge O'Shaughnessy was understood in official circles to mark the advent of another period of patient waiting for a development in Mexico.
State department advisers indicated that the insurrectionary movement was spreading rapidly, not only in the north of Mexico, but to the south and east.

FEDERALS MARCH ON JUAREZ
El Paso, Tex., Nov. 19.—Federal forces are marching north from Chihuahua City in the direction of Juarez, captured by the rebels. A battle took place between the advancing federals and the rebels' rear guard at Laguna, midway between Juarez and Chihuahua. Pancho Villa, captain of Juarez, admitted losing five men, killed in the battle, but said the federals lost 35.

WEST VIRGINIA MINE CONDITION BAD
Charleston, W. Va., Nov. 19.—Reports from the Cabin Creek mine region are to the effect that lawlessness is reigning unchecked, many crimes having been committed, and that authorities are preparing to take some action. Thus far no police protection can be relied on, and conditions are reported to be serious.

MEXICAN REBELS CAPTURE VICTORIA; HUNDREDS SLAIN
Capital of Tamaulipas State Lost to Federals After Bloodiest Battle of War.
TAMPICO REPORTED TAKEN
Carranza's Aid Demands Credentials of Hale and Negotiations Are at End—Huerta Increasing His Army.
Brownsville, Tex., Nov. 19.—Victoria, capital of the state of Tamaulipas, Mexico, was captured by the constitutionalists after what Gen. Pablo Gonzales, rebel commander, describes as the bloodiest battle of the revolution. General Gonzales says hundreds of the federal garrison were killed. A large number of the federals made a last stand in the city after being driven from a convent. Every one of these was slain.
The fall of the capital gave the insurgents control of the entire state except the important seaport, Tampico, where a strong force of rebels is operating.

KILL EVERY MAN IN PALACE
Gonzales reported his victory to rebel headquarters at Matamoros. He said that bodies lay everywhere in the streets and were thick in the courtyard and halls of the government palace, where part of the federal garrison made a last stand after being driven out of a Catholic sanctuary. Every one of these defenders was slain. The greater portion of the garrison of 3,000 men, however, evacuated the city after 40 hours of fighting.
Fleeing Army Defeated.
The federals retreated to Tula, where they were overtaken by the constitutionalists and again defeated. Then they fled into the hills. Generals Rabago, Arzamendi and Eugenio Aguilar commanded the federals. The attacking constitutionalists were reported to number 5,000 men. Their loss was four officers and between thirty and fifty men. Many handsome buildings not razed by shell were leveled with the torch in the hand-to-hand fighting. Victoria has a population of 15,000.

Huerta Prepares for War.
City of Mexico, Nov. 19.—President Huerta's friends said that he regarded intervention by the United States as probable. An order was sent to the state governors to report immediately how many soldiers they could have ready by November 20.
The departure of Americans from Mexico continues, although in decreasing number, which indicates that the majority of them intending to leave have gone.
Invitations to the opening of the Mexican congress have been sent to the diplomatic corps.
Carranza Breaks With Hale.
Nogales, Sonora, Nov. 19.—Francisco Escudero, minister of foreign relations of the Carranza cabinet, asked William Bayard Hale, President Wilson's agent, to present his credentials before continuing conferences that had been under way informally. This was interpreted as a vital demand for recognition of the constitutionalist revolution before the diplomatic exchanges between Carranza and the Washington government could be concluded.
Oppose Washington Demands.
The indications were that the Washington government was demanding of the revolutionists certain guarantees which the latter apparently believed vitally concerned their dignity and independence of action. Contrary views held by Mr. Hale and Escudero had deadlocked the proceedings. The final outcome, which must be decided within a day or two, was made more uncertain by the announcement that General Carranza was preparing a manifesto setting forth his position with regard to the internal and international relations of Mexico. The negotiations will be ended, however, before Carranza makes public his manifesto.

PHYSICIAN SLAYS WIFE'S ADMIRER
Official of Missouri Valley Association Shoots Chicagoan to Death.
PAIR MET SECRETLY AT HOTEL
Doctor Arranges to See His Alleged Rival by Appointment, Then Kills Him—Tells Two Stories of the Tragedy.
Kansas City, Mo., Nov. 19.—Dr. W. T. Elam of St. Joseph, officer in the Missouri Valley Medical association and one of the faculty of the Central-Ensforth Medical college, shot and instantly killed William Putnam Cramer of 3500 Lake Park avenue, Chicago, at the Hotel Baltimore in this city, following a meeting.
Cramer came to Kansas City with Rousseau, a cousin, to meet Glynn and Elam. The latter had accused Cramer of paying too much attention to his wife, and Cramer at the suggestion of Glynn had come to explain to Elam that there had been nothing improper in their conduct.

Sets Own Death Trap.
As the four men stood in the hotel lobby Elam said: "I won't talk here where everybody can hear."
"I've got a room on the second floor," Cramer said. "Come up with me and we'll talk it over. Just you and I."
"Sure," said Elam, and the tragedy followed within a few minutes.
"About three months ago," Glynn said, "some one called up Mrs. Elam at Doctor Elam's office in St. Joseph. Doctor Elam, in an inner office, listened on an extension telephone and heard a request that Mrs. Elam meet Cramer at the Hotel Baltimore in Kansas City the following day."
Won't Believe Detective.
Elam employed Glynn to trail Mrs. Elam. According to Glynn Mrs. Elam, a woman friend who accompanied her from St. Joseph and Cramer had lunch together and then went to a picture show. Glynn says that he followed the women every moment they were here and saw nothing improper, but that when he so informed Elam the husband did not believe him.
Doctor Elam is said to have told his wife to go to Detroit and sue for divorce. He became morose after she departed. Elam formerly was city physician of St. Joseph, and has a home in the fashionable residence district there. Mrs. Elam before her marriage 13 years ago, was employed as his office girl. She is thirty-nine years old.

Keeps News From Wife.
Detroit, Mich., Nov. 19.—Unaware that her husband L. in a Kansas City jail, charged with murder, Mrs. Elam went to a theater last night. Her mother, Mrs. J. M. West, who declared there never could have been anything to justify Elam in saying a word against his wife's character, hid newspapers which contained stories of the tragedy. The daughter will not be told of her husband's act until today.

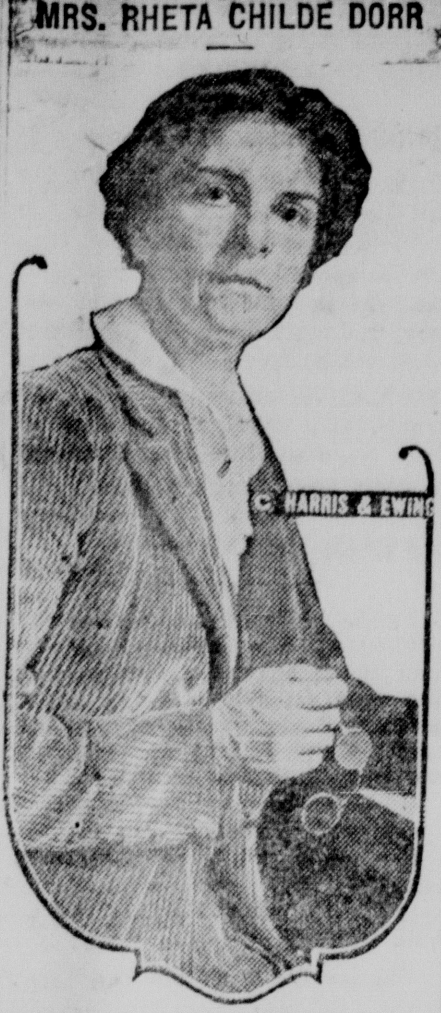

Invalid Widow Hysterical.
Chicago, Nov. 19.—Mrs. W. Putnam Cramer said her husband left Chicago about a week ago. She received a letter from him saying he would be home today, and while she was reading it the news of her husband's death was brought to her. She became hysterical and is under the care of physicians. The couple had been married ten years and had no children. Mrs. Cramer is an invalid.

QUITS AS ROAD HEAD
W. C. Brown Resigns Presidency of N. Y. Central.
Believed That Alfred H. Smith, Senior Vice-President, Will Be His Successor.
New York, Nov. 19.—William C. Brown, president of the New York Central lines, resigned. The resignation takes effect on January 1.

The directorates of the four railroad companies comprising the New York Central system accepted his resignation to become effective New Year's day. A. H. Smith, senior vice-president of the lines, it is reported, will succeed him.
Mr. Brown is sixty years old and has been in railway service for more than forty-four years, and for the last five years he was commander-in-chief of the army of 100,000 men employed by the New York Central and Hudson River, Lake Shore and Michigan Southern, Michigan Central and Cleveland, Cincinnati, Chicago & St. Louis Railway companies.

In his letter of resignation Mr. Brown says he has contemplated the step for two years, as he feels he has earned "that freedom from care, hard work and responsibility which can only be obtained by retiring from active service."
Mr. Brown probably will devote his attention to his investments in real estate, banks and manufacturing enterprises in Iowa and neighboring states, to the welfare of the communities in which those interests are situated and to the improvement of agricultural conditions generally.

RATE WAR WON BY ELGIN
Roads Told to Cease Discriminating in Favor of Aurora.
Washington, Nov. 19.—The Elgin Commercial club has won its fight to prevent discrimination in favor of Aurora in connection with class A and commodity rates from trunk line and central freight association territories.
The interstate commerce commission in a decision just announced finds the Elgin rates complained of to be unjustly discriminatory in so far as they exceed the rates contemporaneously maintained from the same points to Aurora. The defendant railroads are ordered to desist before January 15 next from charging rates on freight to Elgin which exceed rates for the transportation of like freight to Aurora.

MANY DIE IN MINE BLAST

At midnight nine dead had been removed from the mine and five other miners had been rescued alive. Of the victims some are white and some are negroes. Forty-three diggers entered the workings, and it was not known how many others reported during the day. EXAMINES DEALS OF FRISCO HEADS
Commerce Commission Begins Inquiry Into Causes for Receivership.
SYNDICATES THE MAIN ISSUE
B. F. Yoakum, Chairman of Company Before Receivers Took Charge, Questioned on Sales of Smaller Roads to Parent System.
St. Louis, Nov. 19.—The alleged partnership of officials of the St. Louis & San Francisco railroad in syndicates that promoted small railroads that later were sold to the Frisco was inquired into at the hearing before Interstate Commerce Commissioner Clark here as to the causes of the present receivership of the line. Benjamin F. Yoakum, chairman of the Frisco board of directors when the road went into receivership, was the only witness of the day. D. E. Brown, examiner for the commission, asked most of the questions.
Mr. Yoakum was chairman of the "Frisco" system's board of directors when the road was forced into the hands of a receiver.
Testifying before Commissioner Clark of the commerce board, Mr. Yoakum admitted he and other officials were partners in the syndicates that sold the small lines to the Frisco.
Had "Dream of Empire."
Just before the hearing was closed Mr. Yoakum narrated his "dream of empire." He disclosed plans for a water-level railroad from St. Louis to the Panama canal which, he said, had failed of materialization only because of Mexican revolutions.
If this line had been built with Mexico's aid and operated undisturbed, he said, the prosperity of the Frisco would have been unequalled.
Loses \$32,000,000 on Securities.
After Mr. Yoakum left the stand D. E. Brown, examiner for the commission, made public data showing that in the ten years prior to the receivership Frisco securities had been sold for \$32,000,000 less than their par value.
Mr. Yoakum could not remember the profits in most cases, but Mr. Brown produced the records of the trust company that organized the syndicates to show some of the amounts. These indicated that 51 men constituted the syndicate that sold the Oklahoma City & Western to the Frisco. It invested \$2,007,000 to make the \$369,000 profits. There were 61 men in the syndicate that "unloaded" the Arkansas Valley & Western, and one of them, a "Frisco" official without a voice in the acquisition of new lines," made \$23,000 on an investment of \$118,000.

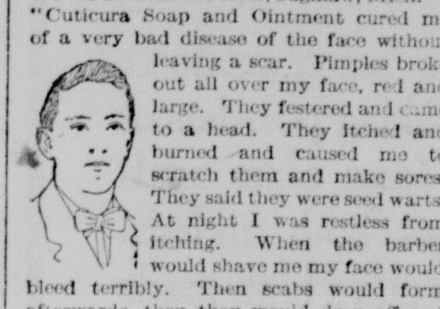

Gives Receivership's Causes.
Mr. Yoakum gave his reasons for the receivership, which may be summarized as follows:
1. Failure of the road to sell Arizona and New Mexico lands for \$5,000,000 or \$7,000,000. By this deal the Frisco hoped to get enough money to meet pressing obligations. Mr. Yoakum testified that James Campbell of St. Louis, a director of the Frisco and head of the North American company, insisted on the land as collateral for a loan which the North American company had made to the Frisco. When the demand for the additional collateral was made, Mr. Yoakum said, the loan had been reduced to \$400,000.
2. The loss suffered by the Frisco on an investment in Texas and Louisiana pine lumber properties.
3. A loss of more than \$150,000 annually on the ownership of the Chicago & Eastern Illinois. The two roads have been severed under the receivership. Before the receivership the Frisco failed in an effort to sell a half interest in the road.

BOOTHS TO END LONG "WAR"

New York, Nov. 19.—Gen. Bramwell Booth, head of the Salvation Army, and Gen. Ballington Booth, head of the Volunteers of America, probably will meet in this city. RED LARGE PIMPLES ALL OVER FACE
Festered and Came to Head, Scratching Made Sores, Caused Disfigurement. Used Cuticura Soap and Ointment. Face Now Clear.
1413 E. Genesee Ave., Saginaw, Mich.—"Cuticura Soap and Ointment cured me of a very bad disease of the face without leaving a scar. Pimples broke out all over my face, red and large. They festered and came to a head. They itched and burned and caused me to scratch them and make sores. They said they were seed warts. At night I was restless from itching. When the barber would shave my face would bleed terribly. Then seeds would form afterwards, then they would drop off and the so-called seed warts would come back again. They were on my face for about nine months and the trouble caused disfigurement while it lasted.
"One day I read in the paper of the Cuticura Soap and Ointment. I received a free sample of Cuticura Soap and Ointment and it was so much value to me that I bought a cake of Cuticura Soap and a box of Cuticura Ointment at the drug store. In about ten days my face began to heal up. I kept on using Cuticura Soap and Ointment and in a very short time after, the seeds dropped off the red spots where they were vanished also. My face is now clear of the warts and not a scar is left." (Signed) Lelroy C. O'Brien, May 12, 1913.
Cuticura Soap 25c. and Cuticura Ointment 50c. are sold everywhere. Liberal sample of each mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston."
Men who shave and shampoo with Cuticura Soap will find it best for skin and scalp.

"A Mighty Man Was He."
At a concert for charity in a country town Miss Carter obliged by reciting "The Village Blacksmith." At the conclusion of her recital the rural audience cheered. "Answer!" they cried. "Answer!" Miss Carter was about to grant the request when a burly fellow, very much out of breath, tapped her on the shoulder. "I've just come around from in front," whispered this man, excitedly. "I want yer to do me a favor." "Well, what is it?" queried Miss Carter. "It's this," whispered the intruder. "I happen to be the fellow you've been talkin' about, and I want you to put in a verse this time saying how I let out bicycles."

Too Much Renunciation.
"How foolish you women are," said Mr. Nagg to his better half. "You don't catch me doing such things as joining 'Don't Worry' clubs." "Of course not," snapped Mrs. Nagg. "Men couldn't give up the pleasure of worrying their wives."

Birthplace of Columbus. Garcia de la Riega, the great Spanish authority on Columbus, declares himself to be in possession of documents which prove that the explorer's birthplace is Porto Santo, a small village in the vicinity of Madrid and not Genoa, as popular belief will have it. This declaration has aroused a storm of protest, and a society has been formed for the purpose of making researches in order to refute de la Riega's statement.

MUST BELIEVE IT

When Well-Known Dixon People Tell It So Plainly.

When public endorsement is made by a representative citizen of Dixon the proof is positive. You must believe it. Read this testimony. Every sufferer of kidney backache, every man, woman and child with kidney trouble will do well to read the following:

Mrs. Emile Bott, 811 College Ave., Dixon, Ill., says: "We recommend Doan's Kidney Pills just as highly now as we did some years ago when we first gave a statement in their praise. I was rheumatic and most of the pain was through my back and kidneys. At night I didn't sleep well and in the morning was all tired out. I was nervous and dizzy and my kidneys were out of order. I tried different remedies, but was not helped until I used Doan's Kidney Pills, which I got at Leake Bros. Co.'s Drug Store. They made me strong and well."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Bott had. Foster-Milburn Co., Props., Buffalo, N. Y.

MOULTHROP IS JAILED

Ex-Clerk for Senator Lewis Accused of Forgery.

Man Who Threatened President and Lawmaker With "Exposure" Placed in Cell at Washington.

New York, Nov. 19.—Sidney Moulthrop, former stenographer for Senator Lewis of Illinois, accused of the "Lewis-Pindell" forgery by Senator Lewis, was arrested here.

When arraigned before United States Commissioner Shields he waived examination and expressed his willingness to return to Washington and stand trial. He was taken to the capital.

Moulthrop refused to make any statement regarding the report that he had written a threatening letter received by President Wilson or to discuss the authenticity of the "Lewis-Pindell" letter which, as published, informed the Peoria editor he could have the Russian ambassadorship for one year.

Washington, Nov. 19.—Upon hearing of Sidney Moulthrop's arrest in New York, Senator Lewis and his secretary went before the federal grand jury and an indictment of Moulthrop was drawn up on three charges—forgery, larceny and theft. None of the charges, so far as could be learned, have anything to do with the "Lewis-Pindell" letter, and it is not known what light his trial here will shed upon that matter.

From Joseph R. Sullivan, Senator Lewis' secretary, it was learned that the charge of forgery is based upon a check for \$240 which, it is alleged, Moulthrop signed with Senator Lewis' name and tried to cash at the Metropolitan National bank.

The other charges are in connection with a ring sent to Senator Lewis by a Chicago jeweler for inspection last May. Moulthrop, it is charged, appropriated the ring and pawned it for \$100.

It was announced at the White House that Mr. Pindell's appointment would be made as soon as the papers in the case were received from the state department.

MAYOR HITS HIGH PRICES

Indianapolis Executive Sells Potatoes at Reduced Rates.

Indianapolis, Ind., Nov. 19.—Mayor Shank has again declared war on the commission men and is going to help the people reduce the high cost of living. He resumed his sales of potatoes at cost which he made famous two years ago. Recently he arranged for his supply and 1,250 bushels were placed on sale at 80 cents a bushel. The current retail price here now is from \$1 to \$1.30 a bushel. The mayor says his object is to create the sentiment among the people against submitting to exorbitant prices for food stuffs.

BEACHY "LOOPS THE LOOP"

Yankee Imitates Feat of Pegoud, Flying With Head Downward.

Los Angeles, Nov. 19.—Lincoln Beachy performed the loop-the-loop 3,000 feet in the air. He also ascended 3,500 feet, took a sheer drop to within 500 feet of the ground, then turned his planes up and with this momentum described a circle and flew along with his machine upside down.

Willing to Exclude Ulster.
London, Nov. 19.—Lord Lansdowne, leader of the opposition in the house of lords, in a speech at Brighton said the Unionists were ready to give consideration to the government's proposal to exclude Ulster from the operation of the home rule bill.

For The Turkey

We have just received another big shipment of those elegant blue and white enameled roasters that have given our customers so much satisfaction the past few years.

The covers fit exact, the enamel is perfect, they are seamless, self-basting and have convenient tray inside.

We have 6 sizes costing from \$1.75 to \$3

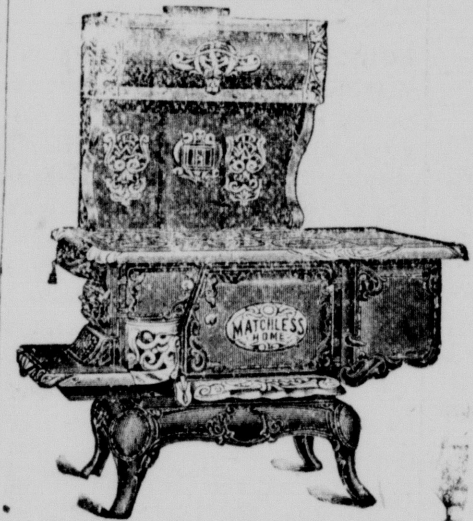

Most families need two—one for chicken and small roasts and one for turkey. If you have a small one let us sell you a large one; if you have a large one buy a small one. See them in our window.

Hills Bros. Vacuum Packed Coffee

Is the latest thing out in Coffee. This is not a vacuum treated coffee. We have that kind also. HILLS BROS. is a vacuum packed coffee. They claim that air spoils the fine flavor of the high grade coffees even when sealed in tins. That is, enough air is left in the tins to take away the aroma. Hills Bros. pack their finest grade in a vacuum tin and they say it will remain as nature has grown it until it reaches you. They put it up in 1 lb. tins and retails for 50c per tin. We would like you to try a pound, see if it will do what they claim. In other words we will keep it if you want it, not if you do not.
